Title **ETH - UNHCR RFP 2718 - Implementation Partner for Refugee Digital Inclusion.**
 Synopsis **UNHCR Ethiopia will engage a Lead Implementation Partner to deliver a market-driven digital inclusion ecosystem for refugees and host communities by implementing an integrated Digital Livelihood Loop linking connectivity, digital identity, inclusive finance, digital literacy, and access to work, with compliance, safeguarding, and sustainability.**

Introduction

ETHIOPIA	ETH	ETH - UNHCR RFP 2718 - http://www.unhcr.org. <u>REQUIREMENTS</u> The Office of the United Nations High Commissioner for Refugees (UNHCR), Representation office in Ethiopia - Addis Ababa, invites qualified suppliers, manufacturers and service providers to make a firm offer for the Provision of a milestone-based Service Contract for the engagement of a Lead Implementation Partner responsible for end-to-end programme delivery under a Public-Private Partnership (PPP) model. Other United Nations Agencies, Funds and Programmes shall be entitled to the same prices and terms as those contained in the offers of the successful bidders and could form the basis for a Contract with other UN Agencies. It is strongly recommended that this Request for Proposal (RFP) and annexes be read thoroughly. Failure to observe the procedures laid out therein may result in disqualification from the evaluation process. Sub-Contracting: Please take careful note of article 5 of the General Terms and Conditions attached under "Requirements-Preliminary examination" <u>Note:</u> <u>This document is not to be construed in any way as an offer to contract with your firm.</u> <u>INTENTION TO BID:</u> Bidders intending to participate in this tender are requested to create draft response to this RFP in the ERP system. <u>REQUEST FOR CLARIFICATION</u>
----------	-----	---

		Bidders are required to submit any request for clarification or any question in respect of this RFP directly in this ERP portal using the messaging functionality. The deadline for receipt of questions is 23 59 hrs CET on 22 April 2026. Bidders are requested to keep all questions concise. UNHCR will reply to the received questions as soon as possible using the messaging functionality in this ERP portal an/or by attaching the of Questions and Answers to this RFP in this ERP portal. IMPORTANT Please note that proposals are NOT to be sent using the messaging functionality. Proposals sent using the messaging functionality will result in disqualification of the offer. <u>YOUR OFFER</u> Your offer shall be prepared in English. Please submit your offer using the forms provided under the requirement section. Offers not conforming to the requested formats may not be taken into consideration. IMPORTANT Inclusion of copies of your offer with any correspondence sent directly to the attention of the responsible buyer or any other UNHCR staff will result in disqualification of the offer. <u>SUBMISSION OF PROPOSAL</u> Proposals should be submitted directly in the portal and all attachments should be uploaded in PDF format. (Copies of the PDF format documents may, as an addition, be included in Excel or other formats etc.). The Technical and Financial offers shall be submitted in the specified sections. Failure to do so may result in disqualification. The proposal submission deadline is specified in the Overview section. Any proposal received after this deadline or outside of the online portal will be rejected. UNHCR may at its discretion, extend the proposal
--	--	---

		submission deadline and the notifications will be sent to all prospective bidders directly in the online portal. The extension of the deadline may accompany a modification of the requirements prepared by UNHCR on its own initiative or in response to a clarification requested by a prospective supplier. It is your responsibility to verify that your offer has been submitted properly in the portal before the deadline. Please be aware that the system requirements employed by UNHCR limit the size of attachments to a maximum of 24 Mb in each required field, as specified in the Requirements Section. UNHCR will not be responsible for locating or securing any information that is not identified in the proposal. Accordingly, to ensure that sufficient information is available, the bidder shall furnish, as part of the proposal, any descriptive material such as extracts, descriptions and other necessary information it deems would enhance the comprehension of its offer. The prices under this service contract shall be established in United States Dollars (USD). For payment purposes, UNHCR shall make payments in Ethiopian Birr (ETB) using the UN Operational Exchange Rate (OER) applicable on the date of the invoice. <u>ACCEPTANCE OF PROPOSAL</u> UNHCR reserves the right to accept the whole or part of your proposal or allow split or partial awards on this project. UNHCR may at its discretion increase or decrease the proposed contract when awarding the contract and would not expect a significant variation of the rate submitted. Any such increase or decrease in the contract duration would be negotiated with the successful bidder as part of the finalization of the Purchase Orders for Services. Please note that UNHCR is not bound to select any of the firms submitting proposals and does not bind itself in any way to select the firm offering the lowest price. Furthermore, the contract will be awarded to the proposal considered most responsive to the needs, as well as conforming to UNHCR's general principles, including economy and efficiency and best value for money.
--	--	--

		<u>CURRENCY AND PAYMENT TERMS FOR PURCHASE ORDERS</u> Any Purchase Order (PO) issued as a result of this RFP will be in United States Dollars (USD). The standard payment terms of UNHCR are net 45 days upon satisfactory delivery of services and acceptance by UNHCR. Payment will be made in accordance with the General Conditions for the Provision of Goods and Services and in the currency in which the PO is issued. Payments shall only be initiated upon confirmation of successful completion by the UNHCR business owner.
--	--	--

This is a two stage negotiation and all responses will be evaluated in two stages.

2 Requirements

**Response is required*

Dear Supplier,

Please review carefully the requirements and questions in this section. Provide answers as required and upload supporting documents when requested so. Failure to send the above requested information may result in disqualification of your offer from further evaluation.

Full acceptance of the UNHCR General Conditions of Contracts is a mandatory requirement regardless of the nature of services required. Non-acceptance of the General Conditions of Contract may be grounds for the rejection of the Proposal.

Technical and Financial evaluation:

Each proposal from a Bidder will be considered separately and independently. Bidders shall submit a complete proposal for each solicitation in which they wish to participate. References to previous or on-going proposals will be not considered. Award of a previous contract with UNHCR will not be considered in itself as a preference or guarantee for the award of future solicitations on the same subject.

For the award of this project, UNHCR has established evaluation criteria which govern the selection of offers received. Evaluation is made on a technical and financial basis. The percentage assigned to each component is determined in advance as follows:

The **Technical offer** will be evaluated using inter alia the following criteria and percentage distribution: 70% from the total score:

Criterion	Weight in Technical (70%)
A. Strategic Understanding	10%
B. Device Financing	10%
C. Regulatory Enablement & Fayda ID/Sim card	10%
D. PPP Ecosystem & Storytelling	15%
E. Implementation & Sustainability	10%
F. Local Presence & Delivery	5 %
G. Monitoring & Dashboard	5%
H. Risk & Safeguarding	5%
Technical Subtotal	70
Financial (30%)	30
TOTAL	100

The Technical offer score will be calculated according to the percentage distribution for the technical and financial offers.

The cut-off points for submissions to be considered technically compliant will be 42% out of the 70%.

UNHCR will draw up a short list of 3-5 offers from the submissions received and expects to conduct supplier visits on or after 25 April 2026.

Clarifications of Proposals:

To assist in the examination, evaluation and comparison of proposals UNHCR may at its discretion ask the Bidder for clarification about the content of the proposal. The request for clarification and the response shall be in writing and no change in price or substance of the proposal shall be sought, offered or accepted.

The **Financial offer** will use the following percentage distribution: 30% from the total score.

The financial component will be analyzed only for those suppliers that pass the technical evaluation.

The maximum number of points will be allotted to the lowest price offer that is opened and compared among those invited firms. All other price offers will receive points in inverse proportion to the lowest price; e.g., [total Price Component] x [US\$ lowest] \ [US\$ other] = points for other supplier's Price Component.

For evaluation purposes only, the offers submitted in currency other than US Dollars will be converted into US Dollars using the United Nations rate of exchange in effect on the date the submissions are due.

Important: Kindly upload financial proposal documents in financial section (Financial Evaluation - Commercial) only. If your financial proposal is visible in any part of the technical section, your proposal will be disqualified.

Remarks: The financial proposal and contract shall be denominated in United States Dollars (USD). All payments will be made in Ethiopian Birr (ETB), converted at the United Nations operational rate of exchange prevailing on the date of invoice issuance.

2.1 Section 1. Mandatory Pre-Qualification (Pass/Fail) (Technical)

2.2 Section 2. Technical Proposal - Only proposals that meet all mandatory pass/fail requirements shall be considered for Technical Evaluation (Technical)

1.

The Technical Evaluation assesses bidders' ability to design an innovative plan and rapidly deliver a realistic, end-to-end Digital Livelihood Loop for 1,000 refugees and host community members (50/50 split) in Ethiopia, integrating connectivity, Fayda national ID/SIM onboarding, inclusive digital finance, digital literacy, and access to livelihood and market pathways. The evaluation priorities proposals that leverage existing operational infrastructure, proven banking partnerships, and established regulatory relationships to enable rapid deployment within the project timeline. Proposals will be assessed on technical approach, regulatory and operational feasibility, partnership credibility, speed to market, local delivery capacity, and robustness of monitoring, safeguarding, and data protection.

A. Technical Approach and Understanding of Scope – 10 points

Assesses the bidder's understanding of the shift from aid-led distribution to a commercially viable, market-based digital inclusion model, and the integration of the Digital Livelihood Loop for 1,000 refugee and host community beneficiaries in Ethiopia.

Sub-criteria

1. Objective and problem understanding – 4 points

- Demonstrates a clear understanding of the transition to a sustainable, market-driven digital inclusion ecosystem.
- Identifies key barriers, including smartphone affordability, identity and SIM onboarding, connectivity gaps, and limited livelihood pathways.
- Explains how humanitarian funding will act as catalytic support to reduce risk and attract private-sector participation.
- Shows alignment with CRRF, durable solutions, and Ethiopia's digital financial inclusion priorities.

2. Integration of the loop – 4 points

- Presents a clear beneficiary journey covering targeting, onboarding, identity/KYC/SIM enablement, PAYG device financing, connectivity, and livelihood pathways.
- Explains the linkages and sequencing across all steps, with progress tracking.
- Identifies key ecosystem partners and defines their roles.
- Demonstrates use of existing national digital finance systems for sustainability and scale.

3. Context realism – 2 points

- Reflects awareness of operational challenges in Addis Ababa, Amhara, Afar, and Somali.
- Addresses documentation constraints for Fayda and SIM registration, including alternative pathways for refugees.
- Proposes practical support for first-time digital users, including assisted processes, offline options, and appropriate language support

Attachments:

File Name or URL	Type	Description
Annex A Terms of Reference (T	File	
Updated Annex B - Technical Ev	File	

Hint: Assess the bidder's understanding of the transition to a market-based digital inclusion model, clarity of the end-to-end Digital Livelihood Loop, identification of key constraints (affordability, KYC/SIM, connectivity, livelihoods), use of catalytic funding, alignment with national frameworks, definition of partner roles, and practicality of implementation within Ethiopia's operational context.

Select one of the following:-

2.

B. Device Financing Launch – 10 points**1. Financing Model Design (5 pts)**

Assess whether the proposal presents a practical, inclusive, and sustainable device financing model, including:

- a revolving fund structure where repayments finance future cohorts
- a clear path from grant-backed support to commercially sustainable lending
- affordable pricing, low or no down payment, and instalments suited to irregular incomes
- repayment controls, reminders, follow-up, and hardship rescheduling arrangements
- simple and transparent eligibility criteria, including KYC/Fayda and inclusion of women, youth, and refugees
- a device lifecycle plan covering procurement, warranty, tracking, repair support, and ownership transfer

2. Risk and Credit Architecture (3 pts)

Assess whether the proposal has a credible risk-sharing and credit management structure, including:

- a bank or FSP-led financing model with the institution carrying credit risk and the bidder providing digital enablement
- a partial loss guarantee facility with declining coverage over time and a controlled claims process
- portfolio monitoring, fraud controls, IMEI traceability, anomaly detection, and audit trails
- evidence of active partnerships with named financial institutions, supported by letters of intent or collaboration

3. Operational Readiness (2 pts)

Assess whether the bidder is ready to implement, including:

- established supplier arrangements with bulk pricing, warranty, and after-sales support
- a clear distribution and customer support model covering beneficiary verification, device reconciliation, onboarding, repayment support, and troubleshooting in target areas

Attachments:

File Name or URL	Type	Description

☐ a. Documents fully uploaded (Response attachments are optional)

- ☐ b. Documents partially uploaded(*Response attachments are optional*)
- ☐ c. No documents uploaded(*Response attachments are optional*)

3.

C. Regulatory Sandbox & Fayda/SIM Integration – 10 points

Assesses the feasibility of onboarding 1,000 beneficiaries to Fayda and enabling legal SIM registration, as well as the ability to address infrastructure blind spots.

Sub-criteria

- **Integration and onboarding plan (6 pts):** technical flow, data privacy handling, user journey, dependencies, and mitigation measures.
- **Regulatory enablement (2 pts):** sandbox engagement strategy, coordination with relevant authorities, and compliance approach.
- **Infrastructure and coverage response (2 pts):** practical plan to identify and address connectivity gaps in the target regions.

4.

D. PPP Ecosystem Development, Visibility & Storytelling – 15 points

Assesses the strength and credibility of the bidder's public-private partnership ecosystem and their ability to deliver integrated impact, including visibility, digital inclusion, and livelihood linkages alongside the device financing programme.

Sub-criteria

1. Partnership depth & credibility (5 pts)

- Clearly identified partners (official names)
- Defined roles and responsibilities
- Evidence of engagement (MoUs, letters of intent, existing collaborations)

2. Visibility & storytelling plan (4 pts)

- Practical approach to producing human-centred impact content (e.g. short films)
- Clear dissemination strategy (channels, audience reach, frequency)
- Ethical safeguards (consent, data protection, dignity of beneficiaries)

3. Ecosystem execution plan (6 pts)

Clear, partner-backed delivery model with timelines for:

- Digital literacy (online and onsite delivery) – 2 pts
- Online work pathways (e.g. freelancing, remote jobs) – 2 pts
- Agricultural input finance and market linkages – 2 pts

Attachments:

File Name or URL	Type	Description
Updated Annex B - Technical Ev	File	
Annex A Terms of Reference (T	File	

Hint: Assess whether the bidder demonstrates a credible PPP ecosystem with committed partners, a practical visibility and storytelling plan, and a clear execution approach to deliver digital literacy, online work pathways, and agricultural market linkages.

Select one of the following:-

- ☐ a. Documents fully uploaded(*Response attachments are optional*)
- ☐ b. Documents partially uploaded(*Response attachments are optional*)
- ☐ c. No documents uploaded(*Response attachments are optional*)

5.

E. Implementation Plan & Sustainability – 10 points

Assesses how quickly, realistically, and sustainably the bidder can deliver the programme against key milestones, including early distribution and scale-up targets, supported by a credible implementation plan.

Sub-criteria

1. Workplan & sequencing (3 pts)

- Activities are clearly defined and logically sequenced – 1 pt
- Dependencies, risks, and mitigation measures are identified – 1 pt
- Ability to run multiple workstreams in parallel is demonstrated – 1 pt

2. Readiness & mobilization (4 pts)

- Proposed staffing structure is adequate and fit for purpose – 1 pt
- Procurement and supply lead times are realistic – 1 pt
- Partner onboarding timeline is clear and feasible – 1 pt
- Rapid start-up approach is practical and credible – 1 pt

3. Sustainability strategy (3 pts)

- Innovative and realistic sustainability approach beyond initial implementation – 2 pts
- Clear handover or transition plan with timelines – 1 pt

Select one of the following:-

- ☐ a. Documents fully uploaded(*Response attachments are optional*)
- ☐ b. Documents partially uploaded(*Response attachments are optional*)
- ☐ c. No documents uploaded(*Response attachments are optional*)

6.

F. Local Presence & Delivery Capability in Target Regions – 5 points

Assesses the bidder's operational presence, delivery capacity, and ability to manage field-level logistics and risks in the target regions.

Sub-criteria**1. Footprint & access (3 pts)**

- Direct presence or established partner network in the target regions
- Demonstrated access and delivery experience in similar operational contexts

2. Field logistics & risk management (2 pts)

- Clear last-mile distribution plan
- Practical arrangements for transport, safety, security, and contextual risk management

Attachments:

File Name or URL	Type	Description
Annex A -Terms of Reference -	File	
Annex B – Technical Evaluation	File	

Hint: Give higher scores to bidders with proven field presence or strong named local partners in the target regions, supported by clear evidence of similar delivery experience. Look for a practical last-mile distribution plan, realistic logistics arrangements, and clear risk mitigation for security and access challenges.

Select one of the following:-

- ☐ a. Documents fully uploaded(*Response attachments are optional*)
- ☐ b. Documents partially uploaded(*Response attachments are optional*)
- ☐ c. No documents uploaded(*Response attachments are optional*)

7.

G. Monitoring, Impact Dashboard & Reporting – 5 points

Assesses the bidder's proposed real-time dashboard and monitoring approach to track key performance and outcome indicators, including connectivity uptime, device repayment, digital literacy progress, and beneficiary outcomes.

Sub-criteria

1. Dashboard design (3 pts)

- Clear indicators and data sources
- Appropriate reporting frequency and user access
- Practical functionality in low-connectivity settings

2. M&E and learning (2 pts)

- Defined baselines and targets

- Clear feedback loops, adaptive management approach, and monthly reporting structure

Attachments:

File Name or URL	Type	Description
Updated Annex B - Technical Ev	File	
Annex A Terms of Reference (T	File	

Hint: Award higher scores to bidders with a clear, usable dashboard that tracks relevant indicators with reliable data sources and works in low-connectivity settings. Strong proposals link M&E to decision-making, with defined baselines, measurable targets, and structured reporting that drives continuous improvement.

Select one of the following:-

- ☐ a. Documents fully uploaded(*Response attachments are optional*)
- ☐ b. Documents partially uploaded(*Response attachments are optional*)
- ☐ c. No documents uploaded(*Response attachments are optional*)

8.

H. Risk Management, Safeguarding & Data Protection – 5 points

Assesses the bidder's ability to identify, manage, and mitigate key operational, financial, protection, and data-related risks, including fraud, exclusion, device theft, harmful content, and privacy concerns.

Sub-criteria

1. Risk register & mitigation (3 pts)

- Clear identification of key risks
- Defined risk owners, mitigation measures, and escalation triggers

2. Safeguarding & responsible data practices (2 pts)

- Clear measures for privacy, informed consent, and protection safeguards
- Safe and responsible approach to content access and data handling

Attachments:

File Name or URL	Type	Description
Annex A Terms of Reference (T	File	
Updated Annex B - Technical Ev	File	

Hint: Prioritize bidders with a clear, structured risk register covering key operational, financial, and protection risks, with defined owners, triggers, and mitigation actions. Strong proposals demonstrate robust safeguarding measures, including data privacy, informed consent, and controls to prevent misuse, exclusion, or harmful content.

Select one of the following:-

- ☐ a. Documents fully uploaded(*Response attachments are optional*)
- ☐ b. Documents partially uploaded(*Response attachments are optional*)
- ☐ c. No documents uploaded(*Response attachments are optional*)

2.3 Section 3. Financial Proposal (Commercial)

*1.

Financial Proposal

The financial proposal shall present a clear, complete, and itemized cost breakdown by workstream for the delivery of the full assignment. Costs must be directly linked to the scope of work and enable UNHCR to assess reasonableness, completeness, and value for money.

1. Workstream A – Device Financing & PAYG Launch

Supply and provision of 1,000 smartphones/devices, including configuration, pre-loading of digital protection and literacy applications, subsidized data bundles, PAYG setup, Loss Guarantee Fund arrangement/support, delivery and distribution, after-sales support, and all related implementation costs.

2. Workstream B – Regulatory Sandbox & Fayda/SIM Integration

Onboarding of 1,000 beneficiaries to Fayda, compliant SIM registration support, enablement of access to digital financial services, assessment of infrastructure/connectivity gaps, and implementation of practical connectivity solutions in coordination with relevant partners.

3. Workstream C – PPP Ecosystem Development, Visibility & Scale-Up

Stakeholder mapping, production of five digital impact films, delivery of digital literacy programmes, facilitation of online and offline work pathways, partnership development, agricultural finance linkages, and support to SME finance ecosystems.

4. Workstream D – Monitoring, Impact Dashboard & Reporting

Design, deployment, and maintenance of the dashboard, performance monitoring, data tracking systems, and structured monthly progress reporting.

5. Project Management & Coordination

Overall programme management, including key personnel, supervision, coordination, administration, travel, communication, and operational oversight costs.

6. Contingency (if applicable)

Contingency costs must be clearly justified, itemized, and shall not exceed an acceptable percentage of the total cost.

Costing Requirements

Bidders shall provide a detailed cost breakdown for each workstream, including:

- Unit cost
- Quantity
- Description of each cost component

Any costs listed under "Other Necessary Costs" must be clearly described, fully justified, and must not duplicate costs included elsewhere.

UNHCR reserves the right to request clarification or further breakdown of any cost element.

Notes to Bidders

1. The financial proposal shall be based on an implementation scope of 1,000 beneficiaries/devices, in line with the Terms of Reference.
2. All costs must be all-inclusive, covering personnel, equipment, logistics, taxes, duties, and any other applicable charges.
3. Costs must be complete and internally consistent across all workstreams.
4. Payments shall be milestone-based and aligned with the deliverables defined in the Terms of Reference.

A stronger top description, if you want it more formal, is this:

The financial proposal shall provide a transparent and comprehensive breakdown of all costs required to deliver the assignment, organized by workstream and aligned with the Terms of Reference.

Attachments:

File Name or URL	Type	Description
Annex C- Financial Offer Form	File	

Hint: Favor proposals with clear, itemized, and internally consistent cost breakdowns across all workstreams. Costs should be realistic, fully justified, and aligned with the scope, with no duplication. Challenge vague lump sums, inflated contingency, or unclear "other costs."

Select one of the following:-

- ☐ a. Offer form Submitted(*Response attachments are required*)
- ☐ b. Offer form not submitted
